

# TOP Tidings of Peace Christian School FUNDRAISER

## NEW GYM FLOOR

When we moved into our current school building in the fall of 2020, we made the decision to not replace the gym floor due to the cost of all the renovations we had already done to the building. Now, five years later, the floor needs to be replaced. We are asking that you consider how you could help. If we receive the \$26,000 needed for stage 1 and 2 by June 1st, we will begin the project this summer. If not, we will plan to start the project in the summer of 2026.
